Introduction

I am pleased to present Albion Development VCT PLC's interim management statement for the period from 1 July to 15 November 2012 as required by the UK Listing Authority's Disclosure and Transparency Rule 4.3.

In addition, the following shares were issued under the dividend reinvestment scheme on 30 September 2012 (and are included in the net asset value figures for 30 September 2012 above);

30 September 2012	79,438	71.40	56

D shares

It remains the Board's policy to buy back shares in the market, subject to the overall constraint that such purchases are in the Company's interest, including the maintenance of sufficient resources for investment in existing and new investee companies and the continued payment of dividends to shareholders.

It is the Company's intention that, subject to the sufficiency of cash resources and any market constraints, the price at which shares are bought back should be in the region of a 10 to 15 per cent. discount to net asset value.
